DARROW NOT GUILTY

JURY RETURNS VERDICT OF ACQUITTAL AFTER DELIBERATIONS LASTING 35 MINUTES

GOVERNOR HAS CHOSEN SEPT. 2 AS LABOR DAY

THROUGH PROCLAMATION CALLS UPON NEVADA PEOPLE TO OBSERVE OCCASION

Through a proclamation Governor Oddie has designated Monday, September 2, as Labor day, and calls upon the people of this state to join in the observance of the occasion. The proclamation reads as follows:

Among enlightened peoples labor has come to be honored as the foundation of all that is of true value in civilization. Therefore, in compliance with law and custom, on Monday, September 2, 1912, all citizens of the state of Nevada are requested to unite in appropriate observances testifying their appreciation and to show due honor to those on whose brawn and skill of hands rests the welfare of civilization. History discloses that the toilers in the field, forest and mine, whose labor supplies the necessities and comforts for all, have not, in many cases, received the just equivalent of their contribution to society. It is the spirit of enlightened labor to-day, to strive for its right to a square deal. Patient, persistent and law-abiding effort to this end is perfecting its alliance with public sentiment. For it comes to be recognized as the work of the twentieth century that society must be recognized on the basis of each man's entitlement to the equivalent of his services to the world—no less and no more.

In witness whereof, I have hereunto set my hand and caused to be affixed the great seal of the state of Nevada. Done at Carson City, this 16th day of August, in the year of our Lord, one thousand nine hundred and twelve.

TASKER L. ODDIE, Governor.

By the governor:
George Brodigan,
Secretary of State.
By Harold P. Hale, Deputy.

ROOSEVELT SAYS WILSON EVADES OWN PLATFORM

DECLARES DEMOCRATIC CANDIDATE NEITHER REPUDIATES OR SUPPORTS PLANKS

REVERE BEACH, Mass., August 17.—Roosevelt discussed the social and industrial justice here today and said that Wilson referred to the democratic platform in such guarded terms as to convey the impression that he neither repudiated nor supported it. He coupled Taft with Lorimer and asked support for the progressive platform.

OPPOSE LORIMER "MELON"
WASHINGTON, August 17.—Threatened opposition to the proposition that the senate appropriate \$35,000 toward William Lorimer's expenses in his three years' fight defending his right to a seat is expected to keep the senate elections committee recommendation to that effect from being reported at this session.

SAMPLE BALLOTS PRIMARY ELECTION OFF THE PRESS

WORK HAS BEEN TURNED OUT BY BONANZA PLANT AND IS DELIVERED TODAY

The sample ballots for the primary election were delivered to County Clerk Robert G. Pohl today and are now being distributed throughout the county and copies mailed to the various candidates. The sample ballots were printed by the Bonanza in our new workshop and would be a credit to any printing plant twice the size of the Bonanza.

The ballots will also be distributed to the chairmen of the various central organization in order that they may be placed in reach of the voters. There is considerable change in the ballots this year as compared to those of two years ago. This year the entire three tickets, republican, democratic and socialist, appear on the one ballot while heretofore three separate ballots were used and the voter was forced to express his party affiliation when calling for the ballot.

SPEEDS MOTOR AND IS PLACED UNDER ARREST

YOUNG MOTORCYCLIST IS SEVERELY REPRIMANDED FOR VIOLATION OF LAW

Motorcycle riders who persist in violating the speed ordinance while coursing through the Tonopah streets had better give the police officials a wide berth hereafter or suffer arrest and the payment of a fine for their actions.

Harry Greenleaf, a young rider, was placed under arrest last evening for violating the speed ordinance and was brought before Justice of the Peace H. H. Atkinson this morning, where he was given a stern reprimand and admonished to keep his machine under the slow speed hereafter. The arrest was made by Lieutenant Walker and Sergeant Donahue, who informed Greenleaf to make his appearance in the justice court at 10 o'clock this morning to answer to the charge placed against him.

It has been the practice of several motorists to go whizzing about the principal streets of this city at a breakneck speed, endangering pedestrians. Several narrow escapes from injury on the part of pedestrians have occurred and Chief of Police Smith has issued orders for the arrest of all such violators of the law.

SOCIALISTS RUN SECOND

SEATTLE, Wash., August 17.—Returns from Ketchikan and three neighboring precincts in Alaska give Kazis Kraucunas, socialist candidate for delegate to congress, 103 votes; Wickersham, progressive, 80; Gilmore, republican, 48; Jennings, democrat, 30. In the whole territory the socialists seem to have finished in second place, 1000 votes behind Wickersham, with the republican and democratic candidates third and fourth respectively.

Mr. and Mrs. O. L. Pasby, after spending the last month at Lucky Roy, returned to Tonopah this morning.

Instructions of Court Declare Attorney Can Only Be Found Guilty of Attempting To Influence Juror

LOS ANGELES, August 17.—Clarence Darrow was found not guilty of corruptly influencing George N. Lockwood, a juror in the trial of the McNamara case, at 9:55 o'clock this morning. The jury was out just 35 minutes. Judge Hutton immediately declared Darrow discharged and his bail was released.

At 9:50 the jury rang for the bailiff. Darrow chewed a pencil while his wife trembling like a leaf, held a handkerchief to her mouth. M. R. Williams was the foreman of the jury. There was a tense delay while the court waited for Clerk Smith and Fredericks to arrive.

"I waive the polling of the jury," said Darrow.

"Not guilty," read Foreman Williams.

Cheers and applause followed and Mrs. Darrow embraced her husband, who merely sighed deeply and looked around the room.

The verdict was: "We, the people of the state of California, find the defendant in this action not guilty."

Friends of Darrow crowded around to congratulate him. The strain upon many in the room caused them

to burst into tears.

Darrow was plainly nervous when he faced the crisis of his life on entering Judge Hutton's court room this morning. Judge Hutton mounted the bench at 8:20, and the roll of the jury was called. The court immediately began reading the charge.

Hutton said in part: "Gentlemen of the jury, the evidence is all in, and the arguments are over. I charge you that the evidence presented in this case does not warrant a conviction on the first count in this indictment."

"If you find that through an agent the defendant approached Lockwood and gave him \$500 for the purpose of influencing his decision in the McNamara case, it will be your duty to find him guilty of attempting to corrupt and influence a juror, as charged in the second count of the indictment."

"If you find that the witnesses who testified who are accomplices, are not what other evidence tending to show guilt, it is your imperative duty to find the defendant not guilty."

WITH SILVER RISING MONTHLY OUTPUT OF TONOPAH MINES INCREASES \$10,000

With every cent advanced for the price of silver the monthly output of the mines of this camp increase \$10,000, according to a rough estimate as compiled today by officials of the Tonopah Mining company. The figures are merely approximate and are based on a monthly output of 1,000,000 ounces of the white metal.

The silver quotations as received from New York today show the price of the metal at 63 3/4 cents per ounce, an increase of one-quarter cent over yesterday's quotation. This is the first time since October 11, 1907, that the price has mounted to its present figure. On November 17, 1906, the price touched the record mark of 71 1/4 and that quotation has never been reached since. In fact, it was the highest price paid for the metal in many years.

At the present rate of increase it is predicted that the old record will be sent glimmering. Many claim the rise will not halt until the 85 mark is reached.

CLAIMS NEVADA WILL BE CARRIED BY SOCIALISTS

A. GRANT MILLER PREDICTS SOCIALISTS WILL ELECT PRESIDENTIAL ELECTORS

A. Grant Miller, the prominent Reno attorney, who is a candidate on the socialist ticket in Washoe county for the assembly, arrived from the north end of the state this morning. Mr. Miller was summoned to Blair to attend to legal business and at the conclusion of the business continued on to this city. He will remain here until Monday morning before returning to his home.

"The socialists stand an excellent chance of electing the three presidential electors from Nevada at the coming general election," declared Mr. Miller this morning.

"According to my estimates," he continued, "there will be about 20,000 or 25,000 votes cast at the election and of this number over 5000 will be by socialists. With four tickets in the field and the conditions greatly unsettled, it is my opinion that the 5000 or 6000 socialist votes will be sufficient to name the presidential electors."

EXECUTION OF MIRKOVICH HAS BEEN STAYED

ATTORNEYS FOR CONDEMNED MAN ARE GRANTED STAY PENDING APPEAL OF CASE

CARSON CITY, August 17.—Andrija Mirkovich will not be shot to death in cold blood on the morning of August 23 as his attorneys late this afternoon secured a stay of execution from the supreme court.

While there was an appeal pending in the higher court, the attorneys for the condemned man failed to ask for a stay of execution and this fact was brought to their attention by the clerk of the court. This afternoon the petition for a stay of execution was made and granted. The resentencing of Mirkovich will be watched with considerable interest owing to fact that efforts will be made to have him select death by hanging instead of requesting to be shot. Warden Cowing of the state prison found difficulty in obtaining men to undertake the gruesome task of shooting down a man in cold blood. He would welcome a change and it is believed that the feelings of the condemned man will be worked upon to alter his determination to be shot to death and accept hanging instead.

Plans for a grand ball to be given at the Miners' Exchange hall on the evening of September 12 are now being arranged by the members of the Fraternal Brotherhood. The function gives promise of being one of the most enjoyable of its kind to be held this year and will undoubtedly be attended by a record breaking crowd.
